Notice of Employer-Sponsored Wellness Programs

Mayfield City School District is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. You will also be asked about your tobacco status and to complete a biometric screening, which will include a blood test for cholesterol and glucose, as well as measurements for blood pressure and BMI. You are not required to participate in the blood test, other medical examinations or affirm your tobacco status.

However, employees who choose to participate in the wellness program will receive an incentive of deductible credits for being in the range for the above mentioned biometric targets. You are not required to complete the tobacco affidavit or participate in the biometric screening, however, only employees who do so will receive deductible credits.

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Missy Sciria at Gallagher Benefits, 234-380-4470 or missy_sciria@ajg.com.

The information from your biometric screening results will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as eCoaching provided by the Cleveland Clinic. You also are encouraged to share your results or concerns with your own doctor.
